

Colonial Decks and Fences strives to provide the highest level of quality products and services from the manufacturing process to the final installation in Oregon. Our product line includes cedar and composite decking, cedar, vinyl, chain link, and ornamental aluminum fencing.

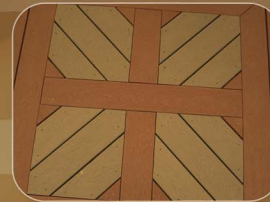

COMPETITIVE RATES

We pride ourselves on our experience, workmanship and reliable friendly service. This in turn has provided us with a number of referrals from existing customers.

We are able to handle any project you may have in mind. **FREE QUOTES** are provided offering professional advice, competitive rates and commitment to quality.

WARRANTY

Colonial decks and fences offers to the original homeowner/consumer our one year workmanship performance warranty, effective from

date your project was completely installed. This warranty does not cover materials which are covered through the

manufacturer's warranty. Most commonly our manufacturer's warranties extend for a period of ten years to a Lifetime.

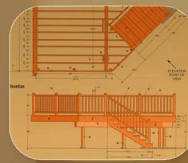

USEFUL QUESTIONS

Are permits necessary to build a new fence?

Fence building permits are only necessary when the height of the fence exceeds 6 feet.

Can you tear out & dispose of my old fence or deck?

Yes. We can tear out & haul away old fencing or decking for a small fee and include that with our final estimate.

What purpose does a cap on my fence serve?

- A cap strengthens the fence,
- It protects the tops of Post & Boards,
- A cap also enhances the beauty of the fence

Do you recommend staining a fence once it is installed?

We recommend allowing your fence to weather naturally for the first month. In order to provide the best protection and enhance the genuine beauty of your fence, we recommend using an oil-based sealant like Superdeck (800-825-5382) every two years.
